**Creekside Animal Hospital, Fort Gibson OK**

As you can see, we are growing throughout North America. Don't see any new Advantage users in your neighborhood? Please spread the word to your local peers. Many clinics are still on old, out-dated software products. Tell them about this great product you are using to manage your clinic and how easy to use it is. Client referrals are our best source for new users. The more users of Advantage we get, the better the product will continue to become. With each new install we get new and different ideas for improving the product.

To encourage you in your efforts to promote Advantage software, we have enclosed a referral request form. Fill out the practice name, address, and phone number for a clinic that is looking for new software, then fax this form to our office at 925-932-5597. You can also just give us a call with this info, or have any practice call us directly for information on our products. We will send any inquiries a complimentary CD demo.

**For any practice that you refer to us that purchases Advantage, we will reward you with your choice of three complimentary months of software maintenance, or a Dymo label printer. That's up to a \$425 value!**

**"I swear it was working just fine yesterday!"**
